IN ADDITION TO THE ABOVE:

Agency personnel reserve the right to reject any equipment due to any additional condition or combination of conditions that make the vehicle unsafe, unreliable, or may pose unreasonable damage to the environment, or will be unable to fully perform the duties for which the equipment has been hired.

The inspector shall inspect for compliance with the FMCSA, State and Local laws and regulations. Therefore, the Inspector must ACCEPT or REJECT all equipment he/she inspects.

EXHIBIT M – FORMS AND CHECKLISTS
Miscellaneous Heavy Equipment
Vendor Equipment Certification Form

Equipment Type:

Please check the appropriate item listed below that identifies the manufacturer’s original intended use of the equipment being offered. If multiple pieces of the same type of equipment are offered under this solicitation, complete a separate Vendor Equipment Certification Form for each item.

- Excavator**
- Purpose Built Strip Mulcher/Masticator**
- Purpose Built Boom Mounted Mulcher/Masticator**
- Skidder**
- Other _____ (describe machine type)**

Equipment Make: _____ **Model:** _____

VIN#: _____ **EQUIPMENT/Unit I.D.** _____

I certify that the equipment listed above conforms to all original manufacturers design and safety standards, and meets all Federal, State and local OSHA rules and regulations required for the intended use of the equipment identified in the solicitation *Statement of Work*. The above equipment has all required original manufacturer installed screens and guarding (including ROPS, FOPS and OPS) to safely work in a logging/forest environment. The above equipment also has all additional manufacturer recommended safety equipment installed for the purpose in which the equipment is to be utilized under this agreement. In the event that the machines ROPS/FOPS or OPS has been altered or modified after the machine was delivered from the manufacturer, it is my responsibility to ensure that the integrity of the ROPS/FOPS or OPS has not been compromised and still meets all Federal, State and local OSHA Rules and Regulations. The requirements identified on this signed certification form does not relieve me of any other requirements identified in the equipment solicitation for which I am responding. The Government reserves the right to inspect and verify that the equipment meets all of the above requirements, and/or any additional required Federal, State and local rules and regulations at any time during the effective period of this agreement; however, it is the responsibility of the owner to ensure the equipment meets all safety and/or agreement requirements. In the event the above equipment becomes non-compliant with any of the OSHA Federal, State or local requirements after the agreement is awarded, I will notify the Government official in charge and either correct the deficiency or remove the equipment from service until the deficiency is corrected.
